

**Date of Review:**

**Assessment Team Reviewer:**

**The following template(s) were required based on the Cohort Schedule:**

**Overall Rating:**

**Results (required annually):**

- Results are described for each outcome.
- Results are described clearly and succinctly.
- Analyses are appropriate for the type of data collected.
- Analyses are sufficiently granular to determine specific areas for improvement in student learning or unit performance.
- Supplemental aggregated data or pre-existing reports are attached, if applicable.
- If data is missing, an explanation is provided, along with a plan to collect data the following academic year.

**Interpretations and Trends (if required for Cohort, see above):**

- Interpretations are clear and succinct.
- Trends in data from previous years are described.
- Visualizations or graphs are provided to illustrate trends.
- Improvements in student learning or unit performance are verified with data. Data is used as evidence to support claims.

**Strategy for Improvement (if required for Cohort, see above):**

- Strategies for improvement are described for each outcome.
- At least one strategy for improvement relates to the outcome and assessment results (as opposed to the assessment process).
- Strategies are described clearly with sufficient detail.
- If it is determined that there is no more room for improvement, the intention to revise the next year's Assessment Plan is indicated.
