Program Student Learning Outcomes

Upon completion of this degree from KSU, students will be able to:

1. Integrate social, organizational, ethical, cultural and leadership influences in the planning, delivery, and evaluation of educational programs for healthcare.
2. Synthesize knowledge from nursing, related sciences, humanities, and educational principles of teaching and learning in the implementation of nurse educator role in academic or clinical setting.
3. Apply key curriculum theories, concepts, and models to the development of a curriculum or programs in nursing education academic or practice settings.
4. Appraise the efficacy of selected technology integration in meeting student learning needs in the clinical, classroom and online setting.
